Cumberland County

Cumberland County is roughly triangular in shape with its northern boundary forming the provincial border between Nova Scotia and New Brunswick. The county took its name from Fort Cumberland, formerly Fort Beausejour. While settlement began as early as 1605, it was not until after 1763 that New England emigrants gave marked impetus to development.

Through the latter part of the eighteenth and most of the nineteenth century, Amherst and Oxford developed as industrial centres while the Parrsboro area became an important shipbuilding centre. In 1871 coal mining began at Springhill and was the mainstay of the local economy until the 1950's when several mine disasters closed all the major operations.

Amherst is the largest town in the county and has attracted a diversified industrial and commercial base, due to its central location in the Maritime area. The majority of tourists to the province enter by way of Amherst, thus making this sector a major contributor to the economy of the county. Within the past two decades most areas of the county have seen a diversification from traditional resource employment to light industrial and commercial activity.

Potential future development of the Bay of Fundy tides for hydroelectric purposes could have a significant impact on the economy of the county, as two of the proposed sites for this development are in the area.

n/a Not Available

Due to the lack of legal or official boundaries, the Census is not always able to distinguish the population of these unincorporated places from that of the surrounding area.

The population totals shown in this report for 1976 and 1981 should thus be considered as approximations.

Sub. D - Wallace River - Wentworth	16,085	73.5	18.4

[1]Low income statistics are based on the revised (1978) cut-offs which were initially estimated from the 1978 National Family Expenditure Survey and then updated to 1980 by the changes in the Consumer Price Index since 1978. The cut-offs are based on size of family unit and population size of area of residence.

TRANSPORATION (Continued)

Rail

The Canadian National Railway line from Montreal to Halifax goes through Cumberland County, providing daily freight service. Passenger service is provided by VIA Rail. The Short Line from Oxford Junction to Pictou gives freight service to such places as Oxford and Pugwash within the County. Excluding spur lines and sidings, there are 138 km of rail line in Cumberland County.

Air

Air Canada and Eastern Provincial Airlines services are available at Moncton, New Brunswick and at the Halifax International Airport. Private and charter aircraft can use the two 1,525 meter paved runways at the provincially owned airport at Debert, Colchester County.

Bus

Acadian Lines Limited operates three runs daily to Amherst, one through Parrsboro, the others via the Trans Canada Highway. Connections are available at Amherst to out-of-province points and a through service is available to Saint John, N.B.

Marine

There are three main ports in the County. The Parrsboro Public Wharf has a 100 meter berthing length. Pugwash operates a railway berth with two berthing faces of 146 meters and 149 meters in length. The Port of Wallace has a wharf, 183 meters long. There are several other smaller fishing ports along the Bay of Fundy and the Northumberland Strait.
